PROMINEO TECH

Career Services Assignment 0 – Goal Setting

Points possible: 50

Category	Criteria	% of Grade
Completeness	All requirements of the assignment are complete.	100

Overview: Our goal at Promineo Tech is to help 100% of our students graduate this program and to help 100% of our graduates find employment as software developers within 6 months of graduation. Completing this program and changing careers will be challenging, but well worth the effort. This first career services assignment will help us help you make a career transformation. Set a clear goal and articulate your own reason behind the goal. This will help you maintain focus when challenges arise.

Instructions: Answer the questions below in-line and then upload this file back to the LMS.

1. What is your goal in taking this course?

   My goal is to learn coding in order to break into the tech industry and begin my journey as a back-end developer.

2. When you achieve your goal above, what's something new in your life you will be able to do that you couldn't do before?

   Once I achieve my goal, I will be able to pursue more remote opportunities related to back-end development. I've always wanted to have a more in-depth knowledge of how coding affects our everyday life and want to make an impact. I am passionate about learning languages and problem-solving and working in the tech industry will allow me to achieve that.

3. If any of the days get difficult, what is your reminder as to why you are here in the first place? What can you say to yourself to keep moving forward?

   I love coding and I don't want to give up because of an obstacle that may get in the way.

4. Having a dedicated place to do your studying is a key to your success. Describe where you plan to do your studying and what improvements you can make to ensure you can best maintain focus.

   I have a dedicated workstation where I can focus on my studies and work. I ensure to set a schedule for my study/work time with break intervals to not overdo it.

5. Are you able to put in up to 20 hours per week towards this program? List the times throughout the week you can work on the class. (Ex. Mon: 4-6PM, Wed: 8AM-1PM)

      Mon-Fri: 8am-6pm; Sat-Sun: 10am-2pm

6. On a scale of 1 to 10, how committed are you to graduating from this program (10 is most committed, 1 is least committed)? Explain why.

      10 since my passion has always been programming and I am looking forward to learning more about coding languages.

7. On a scale of 1 to 10, how committed are you to finding employment as a software developer (10 is most committed, 1 is least committed)? Explain why.

      10 due to my desire to kickstart my career as a developer.

Lastly, print two copies of this assignment. Share one copy with someone close to you. Ask if they will support and hold you accountable for meeting your goal. Keep the other copy for yourself as a reminder throughout the program.
